Greetings from Tuendelee Foundation

Tuendelee Foundation is grateful for your continued support and especially choosing to be part of our family. In this issue, we would like to highlight the incredible work your donation has enabled our beneficiaries to achieve, especially in regards to giving back to the community just as you have inspired them through your generosity.

Why Tuendelee exists

Tertiary education is a critical springboard into a student's professional career, enabling them to support their immediate community, and influence wider economic development. In Africa, access to tertiary education cannot be taken for granted, no matter how committed the individual or great their potential. Tuendelee exists to restore beneficiaries' aspirations and dreams, providing resources, support, and opportunities where they can have the greatest impact.

Beneficiary Spotlight

Faith Maina - Strathmore University from Nairobi

Faith is a student at Strathmore University, pursuing a Bachelor's degree in Commerce. She began a project to enhance menstrual hygiene, menstrual health and guidance to young pupils from Kibera informal settlement in Nairobi. She also provides sanitary towels to girls in an effort to ensure uninterrupted class time during their menstrual period.

Together with two other beneficiaries from Tuendelee Foundation (Ian and Jacob), this Community Conversations program offers mentorship sessions to young boys and girls of the informal settlement, providing encouragement and empowerment to the community through the youth.

Such programs would not be possible were it not for you, whose donations have inspired Faith and her team of beneficiaries, to give back to the community that has supported them.

How can you keep making a difference?

It's often said that helping others helps you live longer. Be it through Time, Talent or Treasure, the Tuendelee community gives willingly, freely yet completely. Your continued support shows our beneficiaries how much we believe in their hopes and dreams, and that they matter to us. We would therefore like to ask you to continue to give and invite others to share in the joy of giving.

"Remember the happiest people are not those that are getting more, but those that are giving more"

-H Jackson Brown Junior
